Montana residential
natural gas customers

Montana-Dakota's residential natural gas customers in Montana are eligible to have an energy assessment performed on their home for a cost of \$50.

A home energy assessment gives you a thorough picture of where your home is losing energy and how you can save money.

Here is how the program works:

Fill out the application and send it to Montana-Dakota. If you are approved for an energy assessment, Montana-Dakota will notify you, and a third-party contractor

will contact you to schedule the assessment. Once the assessment is complete, Montana-Dakota will bill you \$50 for the assessment. Typically a home energy assessment can cost you up to \$500. Montana-Dakota has a limited number of residential energy assessments available to its natural gas customers, and they are approved in the order in which they are received.

If you are interested in a home energy assessment, fill out the application form in this insert and mail it to:

Montana-Dakota Utilities Co.

Attn: Marketing

Assessment Rebate Information – Attach a copy of the audit report and contractor invoice

Energy Assessments are available to Montana-Dakota's residential natural gas customers in Montana. In order to qualify, you must use natural gas as your home's main heating source.

I wish to have an energy assessment performed on my home. I understand that Montana-Dakota Utilities Co. (Montana-Dakota) has a limited number of assessments available in my community and assessments are granted on a first-come first-served basis. The assessment will be performed by a state certified auditor contracted by Montana-Dakota. Upon receipt of the application it will be determined if there are assessments available in your community. You will be notified whether or not an assessment will be performed on your home. If you are selected to have an assessment performed, the contractor will contact you to schedule the assessment. By signing below you give Montana-Dakota permission to provide one year of natural gas and/or electric usage information to the contractor.

I would like an Energy Assessment performed on my home. I understand that Montana-Dakota will bill me \$50.00 for the Energy Assessment after completion of the assessment.
