Are you planning on...

Planting a tree?

Digging a hole for a mailbox?

Installing a fence?

Remember to call 811 – 48 hours ahead of time

The first step to any project is SAFETY!

There are many utility lines buried on your property – electric, telephone, gas or propane, water, sewer, cable TV. Damaging an underground facility can cause injury or even death. Before you dig, call 811 – 48 hours in advance of your digging project to have these lines located. These locates do not include any lines you may have installed to your private facilities (i.e. gas grills, detached garages, wells, yard lights, etc.)

It's free, it's simple, and it's the law.

What do the marks and colors in my yard mean?

Red

Electric

Yellow

Gas-Oil-Steam

Orange

Communication-CATV

Blue

Potable Water

Purple

Reclaimed Water-Irrigation

Green

Sewer

Pink

Temporary Survey Markings

White

Proposed Excavation
