***In the Community to Serve®***

The purpose of this brochure is to provide you with information regarding your natural gas rates. The Company's tariffs are not changing; however, this information may be helpful when reviewing your natural gas bill.

Natural gas usage is measured in decatherms. The abbreviation dk is used in the rate schedules. The prices for various classes of customers are shown below.

The Cost of Gas (COG), approved by the Wyoming Public Service Commission, is subject to change monthly either upward or downward depending on the specific circumstances of the period it covers including purchased gas costs and other costs that are passed along to us by our pipeline suppliers. The COG is strictly a pass-through to our customers and does not provide Montana-Dakota with a profit.
