PLANNING A PROJECT?

Are you planting a tree, placing a mailbox, installing a fence or doing any other project that requires digging?

1ST
THE STEP TO ANY PROJECT IS SAFETY!

There may be many utility lines buried on your property—electric, telephone, gas or propane, water, sewer, internet and cable TV. Damaging an underground facility may cause injury or even death. Before you dig, call 811 at least 48 hours in advance of your digging project to have these lines located.

These locates do not include any lines you may have installed to your private facilities (e.g., gas grills, detached garages, wells, yard lights, etc.).

IT'S FREE. IT'S SIMPLE. IT'S THE LAW.

WHAT DO THE MARKS AND COLORS IN MY YARD MEAN?

Red	Electric
Yellow	Gas-Oil-Steam
Orange	Communications
Blue	Water
Purple	Reclaimed Water
Green	Sewer
Pink	Temporary Survey Markings
White	Proposed Excavation
