HOW EASY PAY AND BALANCED BILLING WORK TOGETHER

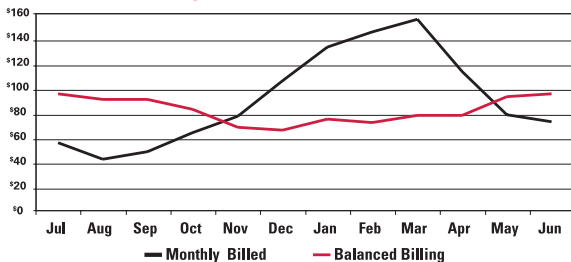

It's the perfect pair! Easy Pay provides the convenience of having your monthly bill paid automatically. Your monthly statement will show your automatic payment amount and the date it will be withdrawn from your bank account. When you sign up for both Easy Pay and Balanced Billing, your Balanced Billing amount will also be your monthly Easy Pay amount. This makes budgeting easy by allowing you to make equal, monthly payments automatically.

HOW BALANCE BILLING WORKS

This plan takes the guesswork out of budgeting and levels out your monthly energy expenses so you don't have to be concerned about extremes in the weather impacting your bill. You pay an even monthly amount through the year, and reduce fluctuations brought on by changes in the weather and price of energy.

- Available to residential and commercial customers who meet the program criteria. You may join anytime during the year.
- To request enrollment, log in to your account online at www.montana-dakota.com. You also can contact us through email at customerservice@mdu.com or by calling our customer service number listed below.
- Balanced Billing payments must be made each month. Missing payments may result in removal from Balanced Billing, at which time the full balance will become due.
