SPECIAL RESIDENTIAL CONTROLLED ELECTRIC SERVICE Rate 11 (CLOSED TO NEW CUSTOMERS)

Page 1 of 3

AVAILABILITY:

In all communities served for single-phase residential electric service customers who operate Company approved interruptible electric space heating equipment so arranged to allow remote operation by the Company and subject to the Company's ability to control such equipment. This rate schedule is restricted to active services installed on a customer's premise on or before August 2, 2022.

Controlled electric water heating service is also available under this rate in conjunction with controlled space heating. The customer's primary source of space heating shall be electric and the customer shall be responsible for providing a secondary source of space heating. The main energy used in backup systems cannot be firm electric service. Domestic uses other than controlled space heating and controlled water heating will be served under Residential Electric Service Rate 10.

TYPE OF SERVICE:

Service shall be provided through a separate meter serving water heating and space heating facilities with no provision for connecting other loads thereto. The customer's secondary system controls, circulating fans and pumps and all other alternate fuel related equipment shall be served as uncontrolled load. Unless otherwise specified by the Company, the point of delivery and service voltage for this service shall be the same as for the customer's other electric service.

PAYMENT:

Bills will be considered past due if not paid by the due date shown on the bill. Past due bills are subject to a late payment charge in accordance with the provisions of Rate 100 or any amendments or alterations thereto.

POWER SUPPLY COST ADJUSTMENT:

Service under this rate schedule is subject to an adjustment for the cost of fuel and purchased power in accordance with the Power Supply Cost Adjustment (PSCA) Rate 50, or any amendments or alterations thereto.

CONTRACT TERMS:

The customer agrees to contract for service under the Special Residential Controlled Electric Service rate for a minimum period of one year. If the customer fails to continue service for the initial annual period, the customer will be billed for the difference between the customer's actual billing under Rate 11 and what would have been billed under Rate 10. At the end of a one year period, the customer will have the option of remaining under the Special Residential Controlled Electric Service rate or of returning to the Residential Electric Service rate.

GENERAL TERMS AND CONDITIONS:

1. Electric space and water heating equipment shall be designed to operate at a nominal voltage of 208, 240, or 277 volts, shall be separately metered and separately circuited, shall be permanently installed and the electric heating equipment shall be the principal source of space heating.
2. All installations must meet the minimum standards of the National Electrical Code so that the equipment will operate in a satisfactory manner and not interfere with other operations of the Company's system. Architects, contractors and electricians should consult with the Company before proceeding to design or erect installations for heating to make sure their equipment, insulation and building construction will meet requirements and receive adequate service.

3. The customer must connect the interruptible electrical circuit(s) so as to allow interruptions through a Company owned contactor(s). A maximum of two contactors shall be provided by Company up to a maximum rating of 5 amps for one and 30 amps for the other. The customer must wire into a connection point designated by Company to allow installation of control equipment by Company. The customer must provide a continuous 240 volt AC power source at the connection point for operation of the Company's control system.
4. The Company recommends that the installed capacity of electric water heating equipment be sufficient to provide the required volume of hot water giving consideration to the interruptions to be experienced and to permit maximum utilization of the rate for the benefit of the customer.
5. Service hereunder shall be available at the time control equipment is actually installed by the Company.
6. The Company shall not be liable for loss or damage caused by interruption of service.
7. The foregoing schedule is subject to Rates 100-125 and any amendments or alterations thereto or additional rules and regulations promulgated by the Company under the laws of the state.
